Packing For Paris In Winter

The Essential Packing Guide For Women

In Your Luggage - Clothing

Adjust quantities to suit length of your visit and remember to pack neutrals for maximum 'mix and matchability'.

- A gorgeous coat.
- 2 pairs of jeans.
- A pair of classic black pants.
- Tops or t-shirts for layering
- 2 sweaters, cashmere or wool.
- A tailored shirt.
- A light blazer or jacket.
- A dressy top for nights out.
- Night clothes/sleepwear.
- Underwear.

In Your Luggage - Accessories

- 2 soft warm scarves.
- Sunglasses.
- Evening Clutch.
- Spare handbag or tote.
- Comfortable, beautiful boots.
- Heels if you think you need them.
- Gloves - I prefer leather.
- Winter hat.

In Your Luggage - Personal Items

The pharmacies in Paris are fabulous, so you really only need to take the basics or items that you personally prefer.

- Toiletries.
- Travel hair dryer.
- Small hair straightener if required.
- Shaving equipment.
- Antihistamine cream for rashes or bites.
- Band-Aids/Blister plasters.
- Scissors/army knife.
- Small sewing kit and safety pins.
- Travel umbrella.
- Soap for hand washing clothes if required.

In Your Carry On - Travel Documents

Remember confirmations can be stored electronically. Pack photocopies of important documents separately in checked luggage. We recommend you leave a second copy with a friend or family member at home. Never email personal information - passport, credit card details, confirmations etc - to yourself just in case your email account is hacked.

- Passport.
- Visa (if required).
- Details of Travel insurance.
- Flight and rail tickets or e-tickets.
- Accommodation booking confirmations.
- Tour confirmation emails/vouchers.
- Pre-purchased Métro tickets.
- Youth/student/seniors card for discounts.
- International driving licence.
